## Let's Reverse it Market Research Forums

This platform affords small businesses thirty (30) minutes to present capabilities, past performance, etc. Some forums will identify upcoming requirements to help gauge interests. Businesses should identify any past or present AFDW-related requirements that align with its core competencies. On occasion, contracting personnel, and Mission Partners (requirement owners), may attend a particular session to conduct real-time market research. Emerging small businesses and non-traditional businesses are urged to participate.
