

U.S. AIR FORCE

“Monthly Business Forums”

This platform is hosted on Joint Base Andrews, MD at the Community Commons. It affords innovative businesses the opportunity to network while discussing matters such as cutting-edge capabilities, past performance, and teaming-related opportunities with acquisition personnel. Ideally, businesses should identify any past, present, or upcoming requirements that align with their core competencies. Emerging small businesses and nontraditional vendors are encouraged to participate.

****Specific topics will be communicated via SAM.gov and/or Eventbrite as needed.**

U.S. AIR FORCE
